LELAND GREEN RUNS FOR MAYOR CAMERON

Leland Green, Sr., Cameron business man and President of the Chamber of Commerce, is a candidate for Mayor, subject to the City Primary election to be held on Tuesday, February 3, 1942.

Mr. Green, in filing for this place on the Council, is motivated by a sincere desire to be of service in this critical period of time. His announcement was also the result of pledges of support from friends throughout the city who appreciate his record as a business man and who feel that the city, if it is to make needed progress at this time, know the things he proposes.

Civil Service Is Asking For Student Trainees Signal Corps

The Civil Service Commission will accept applications for Student-Trainee in the Signal Air Corps at San Antonio. The ages for this training school is 16 to 50 inclusive and is open for men and women, preferably women.

This is an emergency call and applicants are wanted at the rate of a thousand per week, examinations will be held at your local postoffice every two weeks.

The pay is \$1020 for applicants without experience and \$1440 for experienced workers.

There is still an acute shortage of Mechanic-Learners for boys and girls between the ages of 16 and 25 inclusive. Examinations are also being held for that position every two weeks.

More applicants are wanted for Border Patrolmen as well as U. S. Deputy Marshals and Departmental Guards at Washington only.

Go to your postoffice with out delay and get your application blanks for these positions.

Chevrolet Dealers Meet in Houston; to Get Parts for Repairs

The Chevrolet Motor Company has assured dealers that parts will be available throughout the duration of the war for repairs and replacements on cars and trucks.

R. G. Grabein was in Houston Monday attending a zone meeting which was called by K. M. Chase, Assistant General Sales Manager.

At this meeting dealers were told of the plans of Chevrolet to insure parts for repairs. One unit of Chevrolet has been set aside for dealers aid.

Mr. Grabein was pleased over this announcement because it will give him ample parts for all needs.

Car dealers cannot sell new cars, they cannot sell tries and used cars will not suffice to offset these losses in business. Service, repairs and the like will make up their business until war restrictions are canceled.

John Williams of Hoyte transacted business in Cameron Saturday.

FORMER RESIDENT HERE DIES IN HARLINGEN

Mrs. Elouise Duncan Petty died at 3:30 a. m. January 11, 1942, in a hospital in Harlingen.

Mrs. Petty drank the contents of a lysol bottle at 1:30 a. m. She had been in poor health for months or more, but her sudden death was a shock and surprise to her family and friends.

Mrs. Petty was born in Milam county, at Rockdale, Nov. 15, 1922. She died at the age of 19 years and 2 month. Mrs. Petty was a student of Cameron schools and joined the Baptist Church of Cameron in 1934. She moved to Harlingen in 1940, where she lived until her death. Mrs. Petty was much loved by all who knew her.

Mrs. Petty is survived by her husband, D. B. Patty and mother Mrs. Annie Duncan. One sister, Mrs. Hazel Duncan Hess, two brothers, Curtis E. Duncan and Charles Duncan, Jr., all of Harlingen.

She was laid to rest in Combs cemetery. Pall bearers were Coy Baker, Mr. Penneall, Tom Carson, Wendal Ries, Burnie Peard and Louis Lotspeich.

J. W. Garner of Rockdale was a Cameron business visitor Friday.

Congressman Poage Accepts Invitation As Banquet Speaker

Congressman W. R. Uoage has sent a telegram and also a letter to Leland Green, President of the Chamber of Commerce, accepting invitation to speak at the annual Chamber of Commerce banquet.

While Mr. Poage accepts this invitation he points out that in the event his official duties in Congress prevent his coming, he will be unable to appear here for the banquet.

Mr. Green, in a recent letter to Congressman Poage, expressed disappointment over the treatment Cameron has been accorded in Washington, due largely to failure of the government, to go through with the airfield after the city had made all preparations, obtained sites and spent considerable money.

Mr. Poage would be expected to bring a message of hopeful outlook for the future as expressed in Mr. Green's telegram to him last week.

Arson Suspected in Big Barn Fire on Jos. Slavik Farm

Arson is suspected in the burning of a large barn and its contents including some livestock and many chickens on the Jos. Slavik farm at Marak on Friday night.

Mr. Slavik has reported the fire to officers and it was understood had indicated he believed the fire to have been of incendiary origin.

Unofficially the Herald learned that loss is estimated at approximately \$4,000 with only a small amount of insurance.

The barn was burned when the family was away from home.

Mr. Slavik is now faced with the necessity to sell his remaining livestock because all of his feed stores were destroyed.

Officers are said to be investigating the fire.

Wallace Goes to Army And Will Not Offer For City Attorney

W. C. Wallace, city attorney, will not be a candidate for re-election, he announced Monday.

Mr. Wallace is leaving Cameron on January 22 for the army, having been called back to duty. He was in the reserve corps.

Discharged because he had reached the age 28 he now goes back to serve the nation in the armed forces.

Mr. Wallace also has tendered his resignation as President of the Milam County Bar Association to which place he was elected last November.

Here is Mr. Wallace's statement:

"In view of the fact that I have been called to report for active duty in the Army on January 22nd, I shall not be a candidate for re-election as City Attorney.

I shall ever be grateful to the people of Cameron for placing me in this position of public trust, and will always remember the many expressions of confidence and good will tendered me during my tenure of office."

G. O. SANFORD DIES AT MARLOW MONDAY

Funeral services for George Otho Sanford, 69, were held Monday at 2:30 p. m. from the Baptist Church at Marlow with Rev. O. C. Acree, pastor of First Presbyterian Church of Cameron, conducting the services.

Mr. Sanford died at the home of his son, Lloyd Sanford at Marlow Monday at 11 p. m.

He was born in Guthrie, Ky., and came to Milam county some six years ago to live with his son at Marlow.

Mr. Sanford is survived by his widow Mrs. Otho Sanford of Belle, West Virginia, and 4 sons as follows: Lloyd Sanford of Marlow Luther and Eugene Sanford of Belle, West Virginia, and Owen Sanford of Springfield, Tennessee.

Interment was made in the Marlow Cemetery with the Coleman Funeral Home directing arrangements.

Mrs. Mamie Brown accidentally fell while in Waco attending the Episcopal Convention the first of the week, and was brought back to Cameron and is now improving while at the Cameron Hospital. Her sister Mrs. J. P. Love who was ill with a severe cold at the time, is now much improved and able to be out.

FOUR PERSONS KILLED IN ROSEBUD CAR CRASH

Four persons were killed and five seriously hurt Saturday night on Highway 53 near Zabikville west of Rosebud.

The bodies of the dead and those injured were taken to Temple in ambulances.

The dead are: W. H. Hampton of Brady and Buck Pittman of DeLeon, both A & M students and two girls who had not been identified.

J. C. Paulk, highway patrolman who investigated the wreck said that there were nine in the car.

Identification of the bodies was difficult because of their mangled condition. Others in the wreck were hurt.

Albert Towns of Georgetown was driving the car which struck a concrete bridge. The accident occurred around midnight.

Olga Bozon of Jarrell was one of the occupants and a Mr. Turner and Ray Thomas of Georgetown. Other occupants of the car were not identified.

MILAM BLACKOUT IS SET FOR JANUARY 26

Milam County's blackout has been set for Monday night, January 26 from 8 to 8:30, it was announced here Tuesday following a meeting of the Defense Council Monday night.

Emory B. Camp, chairman of the Defense Council said the office of Governor Coke Stevenson was contacted Tuesday morning for verification on the date. Authority must be obtained from army headquarters on all blackouts.

In Cameron the fire alarm will sound three times as a signal for everyone to turn off lights and will sound one time when the blackout is over and for lights to be turned on again.

It is the first time such a blackout has been attempted for a similar county and this means that farm homes should burn no lights during the 30 minutes of the blackout and close up windows in their homes so light can not escape.

It is a serious business. Milam county is subject to bombing attacks as much so as any of the coast counties and the people should not be complacent about it. At first the people in England and France and the other countries were complacent about it. They learned their lesson when German bombing planes came over and killed their children.

The Roping Club in Cameron will patrol the streets on the night of the blackout in co-operation with the city officials.

ST. RITA'S CIRCLE MEETS

Twenty-three members of the St. Rita's Circle met at the Red Cross Sewing Room on January 21st from 2 p. m. until 5 p. m. at which they devoted their time to making garments. Twenty one garments were cut and finished.

The next meeting will be held on February 4th in the home of Mrs. Pete Mikula with Mrs. Frank Michalka as co-hostess.

W. H. STAFFORD RUNS FOR RE-ELECTION IN CAMERON

W. H. Stafford, Assessor and Collector of taxes for the City of Cameron is a candidate for re-election to that place without opposition.

Mr. Stafford enjoys a distinction which has come to few men who have served in this important place. His friends point out for him that he has so conducted the affairs of this office that entire satisfaction has resulted among the people everywhere.

Friends throughout the City will be delighted to know that Mr. Stafford is offering to succeed himself in this office and will be glad to lend their active support for his election.

The election is the City Primary which will be held on Tuesday, February 3, 1942.

Mr. Stafford, by reason of his experience in this office, has made an enviable record of efficiency. His records are subject at all times to audits by certified public accountants and they have been found to be correct in every instance, reflecting credit upon his work and the City is to be congratulated on having an official whose service has been so outstanding to the people.

Mr. Stafford was born and reared in Cameron. He knows property and property values and his office at all times has been one to give helpful understanding to tax payers in all of their problems and because of this and many other reasons Mr. Stafford enjoys a wide popularity and entire public confidence.

He will greatly appreciate your vote and support and although he has no opposition he follows his custom of making his announcement and extending to the people his gratitude for their support and confidence and for the opportunity they have given him to be of service to the City.

U. S. AIRMEN SINK JAPANESE CRUISER

American bombing planes have sunk a Japanese cruiser and a large supply ship in the latest attack on Japanese naval power and shipping in the far east.

For several days the Americans have increased their attacks on the Japs and are taking a heavy toll. In all 24 Japanese planes have been shot down in the past 24 hours, one for every hour.

A news correspondent aboard an American war ship in the far east said: "They are hitting what they shoot at."

VOLUNTEERS FOR SERVICE

John Wallace, Frank Richter, Jr., and Elijo Kraja reported to Shepherd Filed Wednesday for service in the United States Air Corps while Billy Batte Bryan reported to Kelly Field and Bill Wallace to Brownwood.

Mr. and Mrs. James Bass of Austin were guests of Judge and Mrs. John Watson Wednesday. Mrs. Bass, for a number of years, was Post Mistress here and had many friend in Cameron who welcome her return visits. They were accompanied by Fritz Williams of Austin.

SOMETHING ALL CAN DO

CHAS. C. SMITH RUNS FOR RE-ELECTION HERE

Mayor Chas. C. Smith is a candidate for re-election to the office in which he has served with recognized distinction and in making his announcement for another term is deeply grateful for the fine things his friends are saying in behalf of his candidacy and his record.

Mr. Smith came to the office of Mayor several years ago and found the city's financial condition greatly in need of a more efficient administration and during the years he has served he has made an outstanding contribution to the financial strength of Cameron.

It was recently noted in a letter from New York Bond buyers that the City of Cameron is unique in its financial position, so much so that the securities of Cameron command a premium and no city in America has a better credit rating.

The progress the city has made during the past two years, as well as at all times during Mr. Smith's service in this office, is pointed out by his many friends as proof of his ability and substantiating all claims for another term in the office in order to complete the important city projects now so well advanced.

Mr. Smith, during recent months, has been very active in co-operating with other cities to bring an air field to Cameron. He still believes that such a military establishment is entirely possible and pledges himself as he has done in times past to do everything possible to give Cameron this advantage.

The record of service Mr. Smith has rendered touches a wide field of activity. The city streets have been greatly improved, sewer lines have been extended and schools and other municipal assets have been improved as a result of his policy of concentrating upon essential and worthwhile things for Cameron. His friends point out that it is important that entire unity be had under present national emergency conditions and in as much as many things are so well advanced it is good policy to disturb as little as possible administrative policies of the government.

In making his announcement Mr. Smith takes pardonable pride in the things he has been able to achieve for Cameron and has definite plans for the future to render a like service. He is deeply grateful for the opportunity of serving the people and he wants his friends and everyone to know that he is greatly encouraged to go forward because of the many pledges of support which have come to him in his campaign for re-election.

Much additional revenue has come to the city as a result of his understanding of municipal affairs and it has not been necessary at any time for the city to borrow money or indulge its credit for operations. Tax rates have not been increased, but on the other hand have been decreased. Mr. Smith believes that serving the people is important enough to demand that at all times taxes must be considered and all the tax payers and property owners know that as long as he is in this office there will never be any undue burdens placed upon the people. At the same time he has been able and will continue to be able to finance all improvements without additional burdens. This is done by following a policy of sound finance and good business. Mr. Smith recognizes the the cooperation of members of the council as important to his record of achievement. There is entire harmony in the operation of the government and Mr. Smith feels that the people appreciate such a condition.

He will greatly appreciate your vote and support and hopes to see each other and to ask their favorable consideration for another term.

Japs Score Break Through on British

Japanese troops had broken through British lines off Singapore and may have succeeded in putting the fortress under siege.

The Japs are advancing because of superior numbers. The war makers in the Democratic Capitals so far have made no appreciable effort to reinforce the armies.

American airmen are reporting in increased numbers to the front in the Dutch East Indies and in Malaya.

NO HOPE SEEN FOR SAVING THE ISLANDS

Although General Douglas MacArthur appeared to be holding his own and had made some advances against the Japanese there was little hope that the Philippines can be saved.

For the first time, today something of the strength of the Japanese forces was obtainable. A well placed government source said that there are now 200,000 Japanese soldiers, including the entire Fourteenth Army, swarming the Philippines and attacking MacArthur who is outnumbered ten to one. This would indicate that General MacArthur has only about 20,000 soldiers, including the Philippines under his command.

The situation is so critical that some sources, while not admitting the loss of the Philippines, agreed that General MacArthur can not long hold out against such overwhelming odds and there seemed little indication that the Washington government would reinforce him.

The Washington source said that a steady stream of American bombers are pouring into the South Pacific indicating the first substantial effort to defend the nation's empire.

It was agreed that both the Philippines and Singapore may be lost to the Japanese but determined effort will be made to defend the Dutch East Indies and there will be the battle ground of the Democracies against the aggressors in the far East.

Theatres To Run During Blackout

Both Cameron Theatres will run during the blackout on next Monday night.

All lights will be extinguished on the outside of the theatre but inside the show will be on. Mr. Swift is co-operating 100 per cent in the blackout plans but will provide entertainment for picture show patrons at the same time.

In London during air raids shows are kept running. In order for the people to understand that the shows will be in operation this story is published. Entertainment is essential to good public morale in war times.

ONE DEAD; ONE INJURED IN MILANO WRECK

Harvey Williams, 31, a Postal Clerk of Corpus Christi, died in the local hospital at 7:10 Tuesday from injuries sustained in a car crash near Milano at 5 p. m. Tuesday.

Lee Howell of Rockdale was critically injured in the wreck and his condition was reported Wednesday morning to be extremely grave at Cameron Hospital.

The wreck occurred when a car driven by Williams struck a gravel truck driven by Howell. The men were brought to the local hospital in an ambulance from Rockdale.

The body of Williams will be returned to Mexico for interment.

Deputy Sheriff Carl Black went to the scene of the wreck and investigated and spent sometime at the Hospital this morning in an effort to get more facts.

Clyde Franklin Is Birthday Ball Head

Concentrating every effort possible to protect the health of the nation during the present war emergency, Clyde Franklin, Rockdale chairman for Milam County has announced committee members and officers for the President's Birthday celebrations, January 30. The official staff as set up by the chairman is composed of John Hays vice chairman; Miss Dorothy Porter treasurer. Fred H. Graves, Rockdale Cecil Criswell, Buckholts; James Baggett, Milano; Martin Rodenbeck, Thorndale and Charles M. Hick, Cameron, executive committee.

Coming with the appointment is call to the people of the county to lend every assistance possible to the furtherance of the fund raising program needed because of infantile paralysis striking in almost every community of the state and nation.

Mr. and Mrs. R. R. Porubsky of Dallas were visitors in the home of Mr. and Mrs. F. F. Kamenicky Sunday. Mr. Porubsky is a brother of Mrs. Kamenicky. He also visited his father, Chas. Porubsky of Cameron.

FEDERAL CAR STAMPS AVAILABLE HERE SOON

Postmaster J. R. Hays issued a Statement Saturday regarding the Federal Auto Stamps required this year. All motorists must bring their motor number along or stamps cannot be issued:

Instructions have been received from the department relative to the Motor Vehicle Tax Stamps in post offices.

There shall be imposed upon the use of motor vehicles—a tax, with respect to each year in which such use occurs, at the following rate: (1) Motor Vehicles, \$5. The payment of the tax shall be evidenced by such suitable stamp, sticker, or tag of such form which shall be affixed to the motor vehicle—in such manner, as the commissioner (Bureau of Internal Revenue) with the approval of the Secretary (of the Treasury,) may by regulations prescribe.

The tax imposed by this section shall not apply to the use of motor vehicle by the United States, a State, Territory, the District of Columbia, or a political subdivision of any of the foregoing.

Act of September 20, 1941.

Since the law provides for the collection of the motor vehicle tax on the basis of the fiscal year, a separate denomination stamp will be issued and sold each month to cover the tax until the end of the year (June 30) as follows: \$5 for July, \$4.59 for August, \$4.17 for September, \$3.75 for October, \$3.34 for November, \$2.92 for December, \$2.50 for January, \$2.09 for February, \$1.67 for March, \$1.25 for April, 84c for May and 42c for June.

The Motor Vehicle tax becomes effective on February 1, 1942.

The following information must be given when stamps are purchased; make of Vehicle, Body Type, Year and Engine Number.

The Post Office at Cameron and all others in the county will have these stamps for sale.

Every effort will be made by the post office to get these stamps out as called for. Every one is asked to have this information available so there will be no delay in furnishing the public with the stamps.

Of this date no stamps have been received at Cameron, however it is believed that they will be here the early part of the coming week.

JAPS CHECKED BEFORE BASTION OF SINGAPORE

The United States Navy within the past 24 hours has sunk 5 Japanese ships.

Two of the ships were large cargo vessels and three were transports loaded with troops.

The Navy Department in Washington announced today that these ships had been sunk by the fleet in the far eastern war zone but the exact location of the sinkings were not disclosed.

The announcement was taken to indicate that as Admiral Hart has said, "The fleet is not inactive."

War news was scant for today. The threat on Singapore has been checked to some extent. Australian soldiers have gone into battle in Malaya. Almost four fifths of the Malaya Peninsula has been lost.

It has been announced that American reinforcements had reached Burma but there was nothing to indicate they had engaged in battle with the Japanese in that area.

Reports persisted that General Douglas MacArthur is being reinforced in the Philippines and the Japanese are said to have become alarmed at the delay in taking the Philippine Islands from General Douglas MacArthur.

The most heartening news of the day was reported activity and sinkings of Japanese vessels by American naval units.

W. H. Springer of Hearne was a Cameron business visitor Monday.

Employees of Power Company Sell Victory Bonds and Stamps

The second aggressive campaign to sell Defense Bonds and Stamps was conducted today by local employees of the Texas Power & Light Company, J. Albert Young, district manager here, announced that an early check-up indicated that employees today had sold approximately \$735.45 worth of Defense Stamps and Bonds.

A similar campaign was conducted on Monday, December 29, when local company employees contracted Cameron citizens and sold a total of \$617.35 worth of Defense Stamps and Bonds.

These campaigns are being conducted weekly at the suggestion of John W. Carpenter, president of the Company, who requested all employees, except those who must be on duty at the time, to devote two hours on Company time each Monday to selling stamps and bonds to local citizens. It is estimated that a total of approximately 1,000 employees participate in these campaigns and that they will sell many thousands of dollars worth of stamps and bonds each Monday.

As a part of this general program, the Texas Power & Light Company sells Defense Stamps at the cashier's counter in all offices where customers pay monthly bills. Patrons are urged to buy stamps and bonds and accept stamps in change.

To make it more convenient for employees of his Company to buy Defense Bonds, Mr. Carpenter several months ago authorized a salary deduction plan whereby employees could buy bonds on the installment basis.

Mr. Carpenter, in announcing to employees this extensive activity of selling Defense Stamps and Bonds, stated that the nation's Defense Savings Program has been designed to

enlist all citizens in a united effort to protect the freedoms for which America stands. He urged that every employee buy Defense Stamps and Bonds and promote their sale whenever and wherever possible.

The Days Ahead

America is facing a task in the days ahead that will require the utmost in sacrifice from us all.

No task, however, has been too big for the American People.

As we look back over the years the story unfolds as if from the pages of a book.

When the Herald was first issued in 1860 the Civil War had not been fought though it was about to break upon the continent.

There have been other wars, the Spanish-

American, World War No. 1 and now world No. 2.

So it can be seen that the span of years in service rendered by The Herald is in the main the history of America during the past three quarters of a century and more.

Today as when first issued The Herald brings you each week the maximum of effort, an interpretation of news and public opinion.

The Herald is as American as Pork and Beans. It's free from anything except American things. Watch it, read it and you will see. All we ask is your continued support.

GREEN

(Continued from page one)

poses to do can well be achieved.

Mr. Green is President of the Chamber of Commerce and his service has been unusually beneficial to the City. An indication of what might be expected of him as Mayor was contained in a letter which he addressed to Congressman Poage on last Saturday, asking Washington's co-operation to bring defense program benefits to Cameron and to Milam county.

Mr. Green has also, on behalf of the Chamber of Commerce, extended an invitation to Congressman Poage to be the principal speaker at the coming annual banquet.

Mr. Green advocates progress for the City. He feels that if the City government would adopt a policy of greater progress Cameron can obtain permanent benefits from the present government program. Mr. Green, like many other citizens, feels a keen disappointment over the failure of the City to obtain the airport. Now that other military developments are on, he would place the City in position to obtain an establishment at once.

As Mr. Green pointed out in his letter to Congressman Poage, Cameron has abundant facilities for service at this time in the nation's crisis and by reason of this fact, is entitled to more consideration than has been given in the past. Largely such progress can be achieved through a forward looking City administration.

Mr. Green, thoroughly conscious of the advantage of a low tax rate and as a large tax payer, he would have due regard, in so far as his influence may go, for the ability of our people to maintain progress. It is definitely a fact that unless Cameron can go forward at this time, in step with the times, in a conservative way, the City will lose greatly to other cities, our neighboring communities, who have had the foresight to go after big things and bring them home.

Mr. Green realizes that unless something of this nature is done that many here who depend upon labor will suffer. He proposes to bring about an expansion program based upon benefits which are now available and have not been obtained for Cameron.

Mr. Green, as a business man, is conversant with all of the problems of the City. As a tax payer he understands that undue burdens must not be placed upon the people. As a progressive business man he also understands that the City can not hope to maintain itself in the march of progress unless something is done. Such a program, as he points out, is in line with national thought and action and any reactionary program will not achieve the things our people are entitled to.

Mr. Green is deeply grateful for the already formidable pledge of support from people throughout the City and he hopes to be able to discuss as nearly as possible all phases of the City's needs and how he proposes to serve them. He points out that the utmost in co-operation will be necessary and that his election would achieve such a goal because he can and will work in harmony with each member of the Council and all others connected with

the City because they are his personal friends and the progress of the City is the concern of all.

Mr. Green's experience in business and as civic leader equips him especially under present conditions to assume the duties of this important office and there could be no doubt that his candidacy will have a wide appeal throughout the city.

He announces in a spirit of helpfulness and co-operation. He wants your support and he will be deeply grateful for it. Mr. Green has long cherished a desire to serve Cameron as its Mayor and as his friends are pointing out today his election to this post will be a definite step forward for Cameron and Milam county.

Mr. Green has important business and civic connections which would help Cameron in major contact. He has been recently named a member of the Advisory Council of the Southwestern District of the United States Chamber of Commerce on business and national defense problems.

CAMERON METHODIST CHURCH

Bob Pool, M. A., B. D., Pastor

The pastor and membership of the Cameron Methodist Church are co-operating fully with the Government and all agencies in the essential effort to protect and promote the Christian way of life. We are encouraging every person to contribute to the Red Cross, buy Defense Bonds, and to exercise every duty and every opportunity as a citizen. The Church as an institution is centering on moral training and character building recognizing that the most basic need is in the realm of faith, courage, hope and the other primary virtues. Through these days may we all become better people and in the final outcome may all humanity be one in heart and purpose that His Kingdom may really be on earth as in Heaven.

The regular Church activities for the week of January 25th to 31st are as follows:

Sunday—Church School 9:45 a. m.

Lon Morris College program 10:25.

Preaching by the pastor at 10:55 a. m. and 7 p. m.

Tire Committee Gets 53 Requests

Milam County's Tire Rationing committee held its first meeting in Rockdale Friday night to receive applications to purchase tires.

John B. Henderson, chairman of the committee, announced Saturday morning that a total of 53 applicants were considered. He did not announce the number of applications approved, but said that the law permits the posting of the names of those who buy tires and also a list will be made available to the newspapers.

Mr. Henderson said that the allotments made did not consume the quota and the committee will take up applications again at its next meeting.

Doors Thrown Open To Recruits in Air Corps; Ask 2,000,000

The door to aviation cadet training as bombardiers, navigators and pilots in the United States Army Air Corps was thrown open to approximately 2,000,000 more men Thursday with the lowering of age and educational requirements as announced by Secretary of War Henry L. Stimson.

Sgt. L. A. Gunn, recruiting officer in Temple said young men may now become aviation cadets without presenting high school or college transcripts.

The age limit has been lowered from 20 to 18, but the maximum remains at 26, inclusive, Sgt. L. A. Gunn said.

A screening test prepared by the Office of the Chief of the Air Corps, which is designed to establish the intelligence and aptitude of the candidate, has been substituted for the regular mental examination, he said.

The recruiting station in Temple, barely recovered from the post-war rush of candidates, is preparing for a rush to the colors by those who become eligible under the new qualifications, Sgt. L. A. Gunn said.

DR. SWIFT NEW MEDICAL SOCIETY PRESIDENT

Dr. Clifford G. Swift, of Cameron, widely known central Texas physician and surgeon, was elected President of the 12th District Central Texas Medical Society in Temple Tuesday.

It was the annual meeting of the Society. Mrs. Swift was elected Vice President of the Auxiliary to the Medical Society.

Dr. Swift had served for several years as Secretary of the Society and had been active in directing the affairs of the Society. In 1941 he brought the convention to Cameron.

Dr. Swift has had supervision of the program for several years. The program Tuesday included papers from a number of noted doctors.

Attending from Cameron were: Dr. Swift, Dr. Leland Denson and Dr. E. Rischar.

Miss Jenny Winfield of Beverley, Calif., is visiting her brother, Mr. and Mrs. Adolph Winfield and also Mrs. Ben Winfield and family.

War Bond Sales Reach New High As 1942 and War Comes

Purchase of war bonds and stamps had reached a grand total of \$178,675.25 as reported by Emory B. Camp, director of sales.

The total for 1942 is \$24,025. The quota for the county has been set at almost one million dollars in 1942.

Cameron led off the past week with \$10,856 purchased and the remainder of the county had bought only a little over \$1300 in bonds.

Organization and hard work will be necessary if the 1942 goal is reached.

Western Union Has Victory Bond Plan

"As a means of aiding national defense, the Western Union Telegraph Company has inaugurated a convenient plan for its 52,000 employees to purchase United States war bonds. The amount specified by each employee will be deducted from his monthly earnings weekly and deposited in a special bank account. When the required amount has been accumulated, the company will purchase and deliver a defense savings bond, registered in accordance with the directions of the employee. Defense stamps will be placed on sale to the public at Western Union offices shortly."

Father Gets Sweater Intended for Owen Stidham Now In Navy

The stern drama of war cast its shadow across a happy event late Wednesday when Coach Carroll Wood, awarding the sweaters to lettermen on the 1941 football squad, presented one to the father of a star who is now in the United States navy.

Owen Stidham, all district tackle on the Herald team, was not able to be present for the award. His good American spirit finds him already in the navy, a volunteer.

The sweater or coat was presented to Grady Stidham, county commissioner and father of Owen. The big blonde tackle got a hand as big as his play during the rough season.

15 Arrests in Raid On Gambling Joint

Sheriff Valter White and deputies raided a negro crap game in the west section of town Saturday night.

No information could be obtained on charges filed. It was said unofficially that some 15 arrests were made including the owner of the house.

It was the first gambling raid conducted here in a long time, so far as the newspapers were able to ascertain.

Charges are usually disposed of in Justice or City Court.

Let us Help Solve Your Budget Problems

Since January 1st, we have been trying to accumulate enough goods to enable us to put out a fair price and stick with it at least twenty four hours. We have just about turned the trick and are now ready to shoot with you in the foods line. Some prices we have revised downward, others we have been forced to adjust upward. At all times however, we will try to keep faith with the

consumer. Our volume of business in the past has been high enough that we will always be able to get any items in which conditions may cause to temporary shortage. For example: We have no restrictions on sugar and will always have plenty of flour, coffee, tea Cocoa, Coconut and other import items to satisfy the shopper.

10¢ a portion

APRICOT BETTY

1 (No. 2½) can apricot halves, drained
5 tablespoons butter
2½ cups small bread cubes
½ cup KARO (blue label)
½ teaspoon cinnamon
Dash salt
½ teaspoon corn starch
1 egg white
4 tablespoons KARO (red label)

Set aside 12 apricot halves for topping. Melt 3 tablespoons butter, and mix with bread cubes. Toss with fork. Stir in KARO (blue label) and cinnamon. Arrange alternate layers of bread mixture and remaining apricots in greased individual baking dishes. Dot with remaining butter. Place 2 apricot halves on top of each, keeping cut side up. Bake in a moderate oven (350 degrees F.) 20 to 30 minutes.

Add salt and corn starch to egg white, and whip until it begins to hold shape. Add KARO (red label), 1 tablespoon at a time, beating thoroughly after each addition. Drop half teaspoonsfuls around edge of baking dish, and in center of each apricot half. Return to oven, and bake 10 minutes or until meringues are browned. Makes 6 servings. Serve hot!

Leland Green, President Chamber Commerce Writes Congressman Poage; We Are Not Getting Our Share of Consideration From Government

Leland Green, President of the Chamber of Commerce, has sent the following letter to Congressman Poage:

"Relating to the government Airfield we have been trying to get, Cameron applied for a CAA type of airfield about 12 months ago under the Peace Time Preparedness Plan. The necessary surveys were made and the government sent men here from San Antonio to pass on the soil. The town under the auspices of the Chamber of Commerce got options on the land and the soil was satisfactory to the government. However the government wanted the town to buy the land and give it to the government, whereas the town did not want to pay but 20 per cent of the land cost."

"Two things seemed to deter us. The government stopped training pilots at private fields and the army officers did not feel that there were enough amusements to occupy their

spare time. Our name is still in the pot down at San Antonio and we feel that since this is a War Preparedness program and not a peace-time program that we could make some progress with your able assistance. We even thought that the government would be willing to put in an airfield here if given proper civic co-operation.

"We have many advantages in that we are off of the direct airlines and ideally situated midway between Houston and Dallas. Frankly, if we can't get some sort of defense work in this county it will be extremely difficult to keep from drying up and blowing away. Killeen, Bastrop, Temple and other towns around us seem to be getting their shoulders under the defense load and we want to participate also if at all possible. We thank you in advance for any aid you can give us."

REPORT OF SHAKE UP SAYS NAZI HEAD OUT

A San Antonio radio source at 12:45 p. m. Saturday, rebroadcast a previous news flash received 30 minutes prior, that Adolf Hitler, leader of the German people and founder of the third Reich, had abdicated as Chancellor in favor of Herman Goering, No. 2. Nazi and that General Rundstadt has been summoned to take Hitler's place as Commander of the armies.

There was no official confirmation on the report. It originated in London and grew out of a reported shake-up in Nazi High Councils.

When Hitler began his march upon Poland he addressed the Reichstag and named Goering to be his successor No. 1 and Rudolph Hess to be his successor No. 2. Hess flew out of Germany and landed in Scotland early in 1941 to take a peace plea to England just before the attack on Russia.

Recently Hitler has dismissed several of his ranking Generals and was reported to have taken entire command of the armies. Early this week he was reported to have flown his headquarters at Smolensk when the Russians approached to within 70 miles of that city.

Huss, the Belgian writer, now releasing a series of press stories on conditions in Germany, recently said that when the crisis reached the present stage Hitler would retire, but would not give up his power over the Reich. In this way, said Huss, an effort would be made to save Germany from destruction at the hands of the allies.

It should be remembered that the report that Hitler has abdicated as Chancellor of Germany is without official confirmation and may be erroneous but there are a number of indications it may be true.

In 1918 the Kaiser abdicated and fled to Holland, ending the war. Germany was spared and this time may be attempting to stave off what a complete military disaster would bring to the German people.

Incubator Baby Dies at Home on Thursday, January 15

Little Maxine Marie Janek, six weeks old baby daughter of Mr. and Mrs. Milton Janek, died at 3 a. m. on Thursday, January 15, 1942, at the Janek home near Cameron.

The baby, born prematurely, was kept alive in an incubator and two weeks ago was taken home along with the mother and was thought to be doing well.

A Caesarean operation was performed at birth and the baby immediately placed in an incubator that it might live.

Funeral services were held Thursday afternoon at St. Monica's Church with Rev. George J. Duda conducting the services. Interment was made in the Catholic Cemetery with the Green Funeral Home directing arrangements.

DEFENSE COUNCIL MEETS HERE TONIGHT

CAROLE LOMBARD MAY BE DEAD IN CRASH

Carole Lombard, actress wife of Clark Gable, noted screen star, was believed to be dead somewhere in the mountains near Las Vegas, Nevada today along with a number of others who were aboard a trans-continental plane which was reported to have caught fire and crashed.

Searching parties left Las Vegas early last night, but had to turn back due to intense cold and ice and snow in the mountains and today an Indian guide was heading a party of searchers to find the plane.

With Lombard was her mother. A number of army officers were aboard the plane which left Fort Wayne, Indiana late Friday for Los Angeles. Miss Lombard had participated in the sale of 2 million dollars in war bonds and was due to take a train for Los Angeles but decided on the air plane because of the time she would make.

Clark Gable took a plane and flew over the reported vicinity of the wreck and was restrained from attempting to go along with the searching party later. He is in a hotel in a nearby city.

Workers near the scene of the reported crash said they saw a great light at night and heard an explosion. An early report said the plane had crashed into a mountain side. All are believed to have been lost.

Many Local Boys In Armed Forces; Some In Fighting Zones

War news each day brings to the attention of the people of Cameron the whereabouts of many boys now with the armed forces of the country.

W. DuBois, Santa Fe Agent, is almost one hundred percent in his contribution of sons to the army. He has 3 sons in the army, one of whom is in the Philippines under General Douglas MacArthur, one at sea with the fleet, and one in the eastern part of the United States.

Julian C. Baskin, son of Mr. and Mrs. Julian Baskin of Cameron, is in San Diego, Calif., with the Coast Artillery. He likes the army fine.

John Calvin Haygood is an instructor in the Air Corp in California.

Frank Newton is a Lieutenant in the Army Air Corps stationed in Arizona.

Paul Stach, formerly of Cameron, is at Ellington Field, a Lieutenant in the Air Corps and Thomas Jefferson White expects to get his commission very soon as a Lieutenant in the Army Air Corps.

Owen Stidham has reported to Naval training on the Great Lakes in Illinois and Joe Bill White is in San Diego, California, at the Naval Training Station.

Clyde Copus, Jr., is in Las Vegas, Nevada, a Sergeant in the Army Air Corps and an Air Gunner.

Bill Wallace, City Attorney, who was discharged from the camp at Brownwood on account of having completed his training, it was under-

stood has been called back for army duty.

John Atkinson, son of Mr. and Mrs. B. P. Atkinson of Austin and nephew of Miss Lillian Atkinson of Cameron, is in the army air corps and stationed in the Philippines. He received his wings early last summer and is a Lieutenant and a fine airman. John was reared in Cameron, an enterprising, fine boy whose student record was brilliant.

Bob H. Nabours, one of the early volunteers for service, is a Radio expert with the Canadians and may have gone to sea with the fleet. He went to Canada more than a year ago and at first was assigned to the Merchant fleet and later to Radio Intelligence. His father is Homer Nabours, County Clerk.

There are many others whose names will appear here as time rolls along.

No Relief Yet Sent To Philippine Men Under MacArthur

The United States has sent no relief to General MacArthur and his small force of fighting American soldiers in the Philippines.

The Japs are re-enforcing their positions and the decisive stage of the battle is now in progress. Little hope is held that the Americans can hold out much longer.

The Japs have reached a place 90 miles from Singapore and gave the naval base the worst bombing of the war Monday.

Miss Jean Pfardrescher of Cameron has returned from Austin where she visited Mr. and Mrs. G. L. Frazier and daughter, Patricia Ann.

Hubert Williams of Bastrop was a Cameron business visitor Saturday.

Washington News

From Your Congressman

W. R. POAGE

The question of price control is again in the spotlight, and probably some kind of law will have been passed by the time this reaches you. The Senate has finally passed the price control bill (it was passed by the house last November.) However, the two houses are still far apart and the matter is being considered by a conference committee.

The Washington newspapers and the Washington radio commentators have been very bitter and unfair in their criticism of the amendments that the Senate placed in the bill for the protection of our farmers. It has been contended that the Senate bill would allow farm prices to go up another 10 per cent—although there is no assurance anywhere in any of these bills that farm prices will advance at all. These Washington commentators then all united to make the astounding statement that the Senate amendments would cause a 25 per cent rise in the cost of living. To my mind this is ridiculous, but I fear that they have been able to get the President to believe them. The President doesn't have time to study the problem himself and must take the word of his advisors. It is unfortunate that he has so many advisors who know nothing about the problems of agriculture, and who care less.

For instance, last night our Southern Policy Group had Leon Henderson to speak to us. He gave us the distinct impression of utter disregard for the problems of the farmer. He doubtless sincerely believes that the farmers are now getting all they should for their crops. He called attention to the fact that farm products had gone up considerably in the last two years. Of course, they have, but when they started going up, farm prices were so low that they are not yet in line with other prices. The price of wheat is not yet as high as it was in 1937, and cotton is only a little more than 1-3 of what it was in 1919—yet I have "Labor's Monthly Survey" for January, 1942, published by the American Federation of Labor, which states on page 4,—"Wages today average 77c per hour in American factories, the highest level ever reached."

This price fixing bill does not include any authority to fix wages, yet it is more important to wage earners than to any other class to prevent inflation. Industrial workers are insisting that the income of the farmer be reduced in order that the wage earner can buy more with his wages, but at the same time, they refuse to make any sacrifices whatever themselves to prevent this inflation. I full well realize that uncontrolled inflation is bad for everyone. I think everyone should be willing to sacrifice something to protect the entire population from the danger of inflation. The farmer will willingly accept a limit on his prices—no one should profit from war—but I feel that the industrial workers should be willing to make similar sacrifices. As it is, industrial workers whose present pay is far greater than the income of our farmers, are refusing to accept any limit on their pay, yet the spokesman of these same industrial workers are charging our farmers with gross selfishness when the farmers ask that no price be fixed on farm products at a level of less than about 21c for cotton and about \$1.40 for wheat. I think this attitude is very unfair. Our farmers should be given prices in keeping with industrial wages. In other words, they should have a parity income before any limits are imposed.

One of the most interesting developments of the week has been in connection with guayule rubber. It is now generally agreed that we face a real and unavoidable shortage of rubber that may last several years. Even if we are successful in recapturing the Malay Peninsula and opening the sea lanes to the East, a large part of the rubber trees will be destroyed. It is thought that we can produce synthetic rubber to care for about half our normal requirements. The cost of this synthetic rubber will probably be about eight or ten times as much as East India rubber, and while it is superior for certain purposes, it needs to have a very substantial amount of natural rubber blended with it. The only natural rubber that has been grown in the United States on a commercial scale is the guayule shrub. It grows wild in the Big Bend country and in Mexico. It has been successfully cultivated in California. For a number of years we have actually used a substantial amount of guayule rubber. We are told that it can be produced at a profit and sold for about half

what synthetic rubber will cost. Legislation is pending, and I believe will be passed next week, providing for the government to take over the 23,000 pounds of seed (all there is) and to plant them in various parts of the Southwest. I do not see that this offers much opportunity for a new crop in Central Texas as the shrub is subject to cotton root-rot, but there are doubtless large areas in Texas where it will grow successfully. I feel that we should give it a thorough trial.

With best wishes, I am
Your friend,
W. R. POAGE.
Congressman, 11th Texas District.

NEWS FROM MILANO

Rev. John P. Sparks, 79, died at his home in Milano on January 14, 1942. He was born in Russellville, Alabama. He was married to Miss Mattie Margett 51 years ago. Five years later they moved to Milano where they have made good Christian citizens. They have no children of their own, but two adopted children, Mrs. Made Parker of Maysfield and Fred Sparks, deceased.

Mr. Sparks was a retired ordained Nazarine minister and had preached the gospel for twenty years.

Funeral services were held from the First Baptist Church in Milano conducted by Rev. Shurtz with a special choir. Grand sons of the deceased acted as pall bearers. Phillip & Luckey of Rockdale were in charge of the funeral arrangements.

HILDEBRANDT-MYRICK

On Sunday morning, January 4th, Mrs. R. L. Hildebrandt became the bride of John Myrick of Temple at the home of a friend, Mrs. Bob Luce in Cameron. Rev. Pool of the First Methodist Church here performed the ceremony, which was attended by several relatives and friends.

The bride was attired in a soldier blue costume with brown accessories and a corsage of white carnations.

Mr. Myrick is connected with the Santa Fe Railway Company, now with the Signal Department in Oklahoma. Mrs. Myrick holds a position with the Southwestern Bell Telephone Company in Rockdale, and will

Mrs. Guy T. Newton, county superintendent, has returned from Austin where she attended a meeting of educators called to discuss the possibilities of education under present war condition. The schools will play an ever increasing part in the nation's program. Questions of emergency education as a means of aiding in the present crisis were discussed.

Reds Open Major Drive at Leningrad

The Reds are continuing to drive the Germans back.

Early Tuesday they had launched a major drive on the Leningrad front. This was the first major objective of the Germans when the war was launched last summer. They failed to take the city and now the Russians are driving them out.

Winter lines established by Hitler have been broken, say allied reports.
